

HOUSING SYSTEM FACILITIES

General

The USF Financing Corporation Housing System Facilities consist of student housing facilities located on the campuses of the University of South Florida. The Housing System Facilities include all existing residence halls and apartments located on the Tampa campus of the University in Hillsborough County, Florida (listing)-463()6(r).

COVID-19 Disclosure

In March 2020, the University of South Florida converted to remote instruction created by the COVID-19 pandemic. Housing occupancy, and thereby revenue, was affected by the pandemic in fiscal year 2020; however, the University received Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act provided to the Tampa Campus Housing System in the amount of \$8.5 million. The Housing System in the amount of \$737 thousand.

Tampa Campus Housing System

The student housing facilities located on the Tampa campus (the "Tampa Campus") are managed by the University's Department of Housing & Residential Education. The Department provides facilities to accommodate 4,339 students and consists of the following: Beta Hall, Castor Hall, Maple Hall, Juniper and Poplar Halls, Holly Apartments, Special Purpose Apartments, and Special Purpose Housing (Greek Village). The current system is comprised of a combination of accommodation styles, including:

Beta and Castor are two traditional corridor-style residence halls (single or double occupancy) along lengthy corridors with common bathrooms.

Maple buildings A and B, Cypress buildings A and B, and Juniper are comprised of suites with two double occupancy bedrooms which share a kitchen.

Holly, Kosove, Magnolia and Cypress C and D are five apartment buildings with four bedrooms (single or double occupancy) and share a kitchen and bathroom.

The Greek Village is comprised of fourteen duplexes (Special Purpose Housing) for fraternities and sororities on campus. Each unit has single and/or double bedrooms, and community kitchens, living rooms and chapter rooms.

All student rooms and apartments are completely furnished, and include heat and air conditioning, wireless internet and cable TV service).

The Argos Complex is comprised of the Kosove apartments, Beta Hall,

Juniper and Poplar Halls opened in August 2009 and consist of two seven-story towers joined at the first floor by a dining facility, office complex and multi-purpose space. Juniper and Poplar primarily houses first-year students in suite-style units.

The Tampa Housing System facilities previously included five suite style buildings located in the Andros Complex. The Andros Complex facilities were demolished in three phases beginning in May 2016 and completed in the summer of 2018. The Financing Corporation timed the demolition to allow the more profitable student housing buildings in the Andros Complex to stay online an additional two years to allow for the increase in rental rates to offset the loss of net revenues.

On September 30, 2016, the University of South Florida closed a Ground Sublease Agreement with HSRE Capstone Tampa, LLC for a public private partnership to develop a student housing project on the Tampa campus (the “P3 Student Housing Project”). The P3 Student Housing Project provides for 2,171 student housing beds plus dining and wellness facilities. The P3 Student Housing Project was delivered in two phases with the first phase delivering 876 student housing beds in fall 2017 and the second phase delivering 1,295 student housing beds in the fall of 2018. The University provides administration services to the P3 Student Housing Project and the Tampa Housing System receives a fee per occupied revenue producing bed annually. This fee for academic years beginning fall 2018 was \$1,250 and is subject to annual adjustments of 2.5%.

Outlined in the table below are the Tampa residence halls comprising the current 4,339-capacity Tampa Housing System and the construction dates and designed capacity of each.

St. Petersburg Campus Housing System

The student housing facilities located on the St. Petersburg campus (the “St. Petersburg Housing System”) currently provide facilities to accommodate 916 students, and consist of the following facilities: Pelican Apartments (formerly known as Residence Hall One), Fifth Ave Parking Garage Facility, the University Student Center and Ibis Hall, and, the newest housing facility that opened in August 2020, Osprey Suites.

Pelican Apartments was the first St. Petersburg campus residence hall, opened in August 2006. The seven-story apartment style residence hall consists of 4-bedroom, 2-bedroom, and studio suites in which residents share a bathroom, kitchen and common space amenities. Pelican Apartments primarily houses junior and senior students.

The University Student Center, opened in August 2012, is a mixed-use facility containing a student union and residence hall. The student union contains spaces for dining, student activities, meetings, and conferences. The residence hall, now known as Ibis Hall, is a six-story tower adjacent to the student union which contains an office suite and double occupancy. The University assigns first time in college (“FTIC”) students to units located in Ibis Hall.

Osprey Suites, opened in August 2020, is a six-story residential facility containing a full-service dining hall and office space on the ground floor. Resident room configurations are primarily double occupancy, one bathroom suites, with some single occupancy, shared bathroom suites.

All student rooms and apartments are completely furnished, and rent includes all utilities (electric, water, heat and air conditioning, and wireless internet).

Parking Facility at USF St. Petersburg

The 1,120 space parking facility serves the academic core from the north side of the campus. Its location is prominent to one of the main campus entrances and has significant visual impact for visitors, students and staff arriving on 5th Avenue South and on 3rd Street South. The parking facility also houses the University Bookstore, University Police, and a branch of the USF Federal Credit Union. The facility serves primarily student parking but has a limited amount of visitor and staff parking.

Rental Rates

Rental rates for the University's residence halls are reviewed on an annual basis. The Assistant Vice President of Housing & Residential Education meets with housing staff to develop a budget proposal, review enrollment projections, and assess the level of revenues needed to support operations for the subsequent academic year and summer session. If a rate increase is recommended, the Residence Hall Association is informed through meetings and written communications. These students do not have the opportunity to vote on the rental rate proposal. The Department of Housing & Residential Education submits the recommendation prior to February 1 of each year to the University President's Office for approval. The proposal is subsequently forwarded to the University Board of Trustees for their concurrence. Rental rates are generally adjusted only once per year and any increase in rental rates do not become effective until August of the year in which the University Board of Trustees approves such increase.

The tables below list the types of living accommodations in the Tampa Housing System and the St. Petersburg Housing System available to students and the related historical and projected rental rates on a per student, per semester basis for each academic year.

Demand for On-Campus Housing

Demand for housing on the Tampa Campus has increased over the past ten years. The University's efforts to continually improve the residence halls as well as house students who have formerly been ineligible to live on campus, will result in enhanced and more comprehensive housing opportunities for all students.
