Supercharge your school with student leaders who can positively impact your school's culture! Cultivating Leaders and Intentional Culture (CLIC) is partnering with the David C. Anchin Center for the Advancement of Teaching to offer a pilot student leadership institute program for interested schools. CLIC has been successfully operating in schools in both Pasco County and Hillsborough County, and we're looking to expand this opportunity to the broader Tampa Bay area.

When students understand the value of building relationships to meet school-wide goals, the goals are more meaningful. Students who are an integral part in implementation and execution of their school's improvement plan have a true feeling of ownership
